Many thanks to the men and women who worked on Wednesday and Saturday evenings to make this programme a success. The callers, the ground walkers, the pull-tab sellers. These people have volunteered countless hours to make this program the success it is. Without these volunteers, the program could not survive. The pull tabs are an important part Bingo night income. All it takes is to sit in a chair for about 4 hours, 1 night a month. (Sometimes extra nights are for someone in an emergency). You're always paired with someone else, so you never handle it alone. Callers are an important part of our bingo game. It's a fun way to interact with the players. Again, you sit on a chair and call the numbers. Approximately 3 hours of your time. We would never throw you to the wolves until you were trained. The bingo machine is easy to learn. The Floor Walkers are also an important part of our bingo game. They are on the bingo floor with additional bingo paper to sell to players. They hold up their hand, and you take them on paper, and they pay you for it. Simple -- Peasy. You don't have to stand all evening. They can sit and wait for someone to raise their hand. When someone calls a bingo, which footleader is closest, go to that person, check their bingo card and read the card's tax number to the bingo caller. We could use people who would rather clean up after closing or even the morning after. If anyone would be interested, please let us know. If we could close and go home as soon as the last number is called, knowing that someone would be there in the morning to clean up, we would be ecstatically happy.
